

Law Paper Checklist

Before you submit it, ask yourself ...

- ◇ Did I sign the manuscript indicating that I neither received nor gave unauthorized aid on the project and that all the intellectual property represented by the manuscript is my own?
- ◇ Did I put my name somewhere on the top/title page?
- ◇ Did I indicate on that top/title page the citation style I used? (APA, MLA, Chicago, Blue Book, etc.) And did I in fact adhere to or follow that style?
- ◇ Did I include a bibliography of all my sources, including primary sources, in correct bibliographic style, being sure to separate primary and secondary sources?
- ◇ Am I sure that I am not guilty of plagiarism, being sure to cite any work not wholly my own (and talking with the professor if I am confused about when and where to cite)?
